

The 14<sup>th</sup> International Congress of Immunology  
ICI 2010 Exhibition

**Call for Exhibitors**

Congress: August 22 - August 27, 2010

Exhibition: August 23 - August 27, 2010

Venue: Kobe International Exhibition Halls, Kobe, Japan

## **Exhibits opportunities**

**Dear Exhibitors,**

ICI 2010 is the 14<sup>th</sup> in a series of international immunology conferences held every three years under the auspices of the International Union of Immunological Societies (IUIS). Our purpose is to promote immunological research in the aims of contributing to the development of immunology in Japan and the world as a whole, shedding light on a range of immunological issues such as defeating infectious diseases, cancer, autoimmune disorders and allergies.

This will be the second conference held in Japan and the first time since 1983. Main congress theme will be “Immunology in the 21<sup>st</sup> Century: Defeating Infection, Autoimmunity, Allergy and Cancer”. We have three features for the congress: 1) emphasis on clinical immunology 2) travel grants for young researchers and researchers from developing countries and 3) priority on women researchers.

Participation in ICI 2010 Exhibition will be your key opportunity to access to 5,000 researchers from around the globe and to get personal contact with top scientists of immunology. Please take advantage of this unique occasion so that your products and services exposed worldwide.

Sincerely,

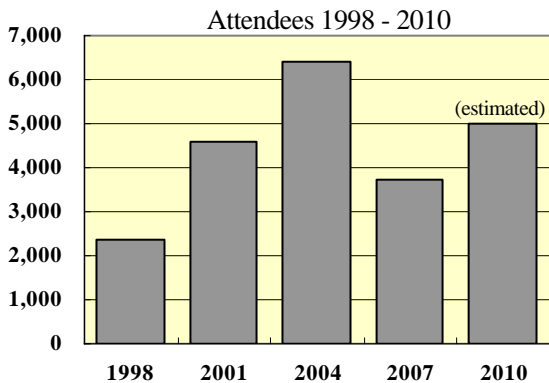

Tadamitsu Kishimoto  
President
